Kenneth Young Center also acknowledges all who attended special events, donated time in a volunteer capacity, partnered with us in service, or in other ways helped us provide mental health and senior services. Every effort was made to list fiscal year '07 supporters accurately; please forgive any mistakes or omissions. We are deeply appreciative of all who share our mission to help people feel good, do better and find solutions

As your Community Mental Health and Senior Services organization, KYC helps people across the life cycle and across the health continuum. In other words, we help people of all ages and we help people with prevention, early intervention, treatment, referral and follow-up care. We help individuals, their families and their caregivers.

Our mental health services are for people hitting 'rough spots' that may bring on depression, anxiety or difficulties between family members. They're also for those with serious mental illness, who need intensive support to move toward recovery. We help youth make good decisions about avoiding alcohol and other drugs, and we give crisis help to children and adolescents with serious emotional disorders.

We are the Senior Services case coordination unit for Elk Grove and Schaumburg Townships. We help elderly people stay in their own homes for as long as possible by providing support and advocacy. We also offer education and assistance to caregivers and respond to allegations of elder abuse.

We believe as we help one person or one family become healthy, we make the world a better place. We are successful because of an excellent staff, dedicated volunteers, clients fervent in their determination to get better, and a community of support that embraces us with fundraising, partnerships, outreach and encouragement.

Please help us change the world, one person at a time, feeling good, doing better, finding solutions.
